The Community Week at Glance is back for the new school year!

Communication from the school office is streaming mostly through Email/Voice Recognition, Automated Attendance Dialer and School Cash Online. Our answering machine is on 24/7, please leave a message when your child is going to be **absent** from school. It is a parent's responsibility to call the school everyday when your child (ren) will be absent from school. **Habitual lateness** is very disruptive to your child's classmates and teacher. Please be respectful and have your child to school on time. All payments for excursions, hot lunches, clothing, etc. will be done **online**. Please ensure your child is setup in the School Cash Online Program. If you require an exemption to our online payment policy, please contact Mrs. Charette, the school principal.
